Allowable Subject Matter

Claims 1-28 are allowed.

The following is an examiner's statement of reasons for allowance: the subject matter of the claimed invention is related to a digital BTSC encoder for encoding an audio signals of a stereophonic signal in a broadcasting system and more particularly the claimed invention is related to an encoder for encoding a first and second audio signal comprising, a matrix for receiving first audio channel and second audio channel including an adder and subtractor ;

Sum channel processor for processing the sum;

And difference channel processor for processing the difference. The claims are allowed because the prior arts of record do not teach the step of generating or adjusting the spectral gain control signal as recited in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
